

**REMARKS**

The above-referenced patent application has been reviewed in light of the Office Action referenced above. Reconsideration of the above-referenced patent application in view of the following remarks is respectfully requested.

Claims 1 and 3-54 are pending in the application. Claims 38-42 have been cancelled. As the Amendment only cancels claims, Assignee respectfully requests the Amendment be entered after final.

**Claim rejections - 35 USC §112**

The Examiner has rejected claims 38-42 as lacking enablement under 35 USC §112 as they claim more than one "means" for scanning an image.

In response, Assignee has cancelled claims 38-42. Assignee submits that this cancellation is without prejudice, as Assignee intends to pursue claims of a similar scope in a continuation application.

**Allowable Subject Matter**

Assignee thanks the Examiner for the indication that claims 1 and 3-37 and 43-54 are allowed. The Examiner's statements of reasons for allowance are hereby acknowledged by Assignee. Assignee agrees that the claimed subject matter is patentably distinct from the documents cited by the Examiner; however, Assignee takes no position regarding the reasons for allowance presented by the Examiner, other than the positions Assignee may have previously taken during prosecution of the above-referenced patent application. Therefore, the Examiner's reasons for allowance should not be attributed to Assignee as an indication of the basis for Assignees' belief that the claims are patentably distinct. Furthermore, it is respectfully asserted

that there may also be additional reasons for patentability of the claimed subject matter not explicitly stated in this record. While in accordance with 37 C.F.R. §1.104(e), a failure by the Assignee to disagree with the Examiner, or file more detailed comments, does not give rise to any implication that the Assignee agrees with or acquiesces in the reasoning of the Examiner, here, by this document, Assignee is expressly making clear that no such agreement or acquiescence is present.

It is noted that claimed subject matter may be patentably distinguished from the cited references for additional reasons; however, the foregoing is believed to be sufficient. Likewise, it is noted that the Assignee's failure to comment directly upon any of the positions asserted by the Examiner in the office action does not indicate agreement or acquiescence with those asserted positions.

**Conclusion**

In light of the foregoing, reconsideration and allowance of the claims is hereby earnestly requested.

**Invitation for a Telephone Interview**

The Examiner is invited to call the undersigned attorney, James J. Lynch, at (503)439-6500 if there remains any issue with allowance.

**Additional Fees**

Any fees or extensions of time believed to be due in connection with this amendment are enclosed herein; however, consider this a request for any extension inadvertently omitted, and charge any additional fees to Deposit Account 50-3703.

Respectfully submitted,  
Attorney for Assignee
